Dear Parent,

Assessment is an integral part of the curriculum. Assessment is an important aspect of learning journey. It helps to identify strengths and weaknesses, measure progress and set goals for improvement. It's also about understanding the material, developing critical thinking skills, and applying what you have learned in real-world situations. Parents have a pivotal role to play in the academic achievement of students. You are requested to help your students to create a study planner and provide a suitable study environment.
