Dear Sir/ Ma'am

Warm Greetings

***“In film, we sculpt time, we sculpt behaviour and we sculpt light.” - David Fincher***

Incorporating filmmaking into school education can be a powerful and engaging way to teach a wide range of skills and knowledge. It aligns with the changing landscape of education and prepares students for the media-rich world they are growing up in. In the realm of holistic education that the Indian school fraternity aims to achieve, students are encouraged to explore not just subjects, but the depths of their potential through curricular or co-curricular activities.

ISFF, a unique endeavor initiated by the Board of Directors, aims to serve as a multifaceted educational tool, fostering creativity, cultural awareness, critical thinking, and various life skills, while providing a platform for students and teachers to express themselves and engage with the world of films.

Indian School Al Seeb is highly honoured to host the fifth edition of the ‘INDIAN SCHOOL FILM FESTIVAL (ISFF) for the academic year 2023-24, under the aegis of the Board of Directors, encouraging creativity, fostering passion for filmmaking among

students, and providing a platform for showcasing their talents. The students in this process will learn the intricacies of filmmaking and hence it will provide a gateway for novice filmmakers to participate in global filmmaking competitions.

The competition will be conducted under two domains -Competitive and Non-Competitive with 8 genres in 5 categories. The rules and regulations are provided in the handbook, which is attached herewith for your reference.
