Sub: DIAGNOSTIC ASSESSMENT 4 (2024-2025)

Dear Parent

Greetings of the day!

Assessments are an essential part of the learning process and play a vital role in a student's educational development. They help to highlight both strengths and areas where improvement is needed, while also tracking progress over time. More than just testing knowledge, assessments encourage deeper understanding, the development of critical thinking, and the ability to apply what has been learned in practical situations.

Your involvement as a parent is instrumental in your child's success. We encourage you to collaborate with your child in creating a thoughtful study schedule and to ensure they have a quiet, focused space for learning.

Together, we can help your child reach their full potential.
